University of Nevada - Las Vegas

PREVENTION, ADVOCACY, CHOICES, TEAMWORK

## 2024 SUMMIT THEME:

To tackle the overdose epidemic effectively and compassionately, our community must be attentive to the needs of people who use drugs and their loved ones. It is crucial to revise, adjust, or introduce laws, programs, and initiatives in response to emerging research, evidence, and best practices. This endeavor demands flexibility, growth, and a willingness to embrace fresh perspectives and innovative approaches.

Be a part of the 2024 Southern Nevada Substance Misuse and Overdose Prevention Summit, The Beat of Community: Exploring the Changing Substance Use Movement, where we will focus on addressing and prioritizing the evolving needs of the community in response to the changing landscape of the overdose crisis.
