

RESILIENCE FOR FAMILIES:

Navigating Substance Use and Mental Health Conditions

Families are often torn apart when a loved one is experiencing alcohol and drug abuse and/or mental health conditions. They are left feeling isolated and not knowing where to turn for help. Please join us for a free workshop to learn more about substance use and mental health conditions and how you can support your loved ones.

This initiative is funded by the City of Reno's Opioid funds, with the Behavioral Health Association of Nevada being a subrecipient of these funds.
